NU Research Centers Support the students through Junior RA program, bootcamps, workshops, UGRF and graduations projects.

Research Pillar

Research Centers

- Nile University – Nanoelectronics Integrated Systems Center (NISC)
- Nile University – Center for Informatics Science (C I S)
- Nile University – Smart Engineering Systems Center (SESC)
- Nile University – Wireless Intelligent Networks Center (WINC)
- Nile University – Biothnelogy Research and Innovation Center (BRIC)
- Nile University – Business, Economics, and Social Sciences Research Center (BESS)

Research Areas

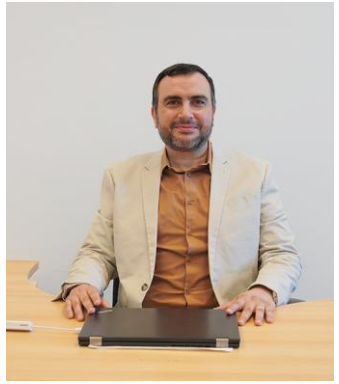

Mega Research Projects

- Robotics and Manufacturing
- Smart Agriculture
- Smart Healthcare Systems
- Encryption and Security
- Waste Management
- Eco-Friendly Smart Homes
- AI-Education
- Egyptian Genome
- AI-Health
- Quantum Computing

Center for Informatics Science (CIS)

Center Director,
Prof. Walid Al-Atabany
(Imperial College London, UK.)
25 Faculty Members

Vision:- To be the leading center for informatics science benefiting Egypt and the region by advocating excellence in goal-oriented applied informatics research.

Research Groups:-

- Bioinformatics
- Cybersecurity
- Visual and Ubiquitous Computing
- Medical Image and Image processing MIIP
- Software and Systems
- Data Mining and Natural Language Processing
- Quantum Computing

Main Collaborators

DFG Deutsche Forschungsgemeinschaft German Research Foundation

Wireless Intelligent Networks Center (WINC)

Center Director,
Prof. Tamer AbuelFadl
(University of Maryland, USA)
7 Faculty Members

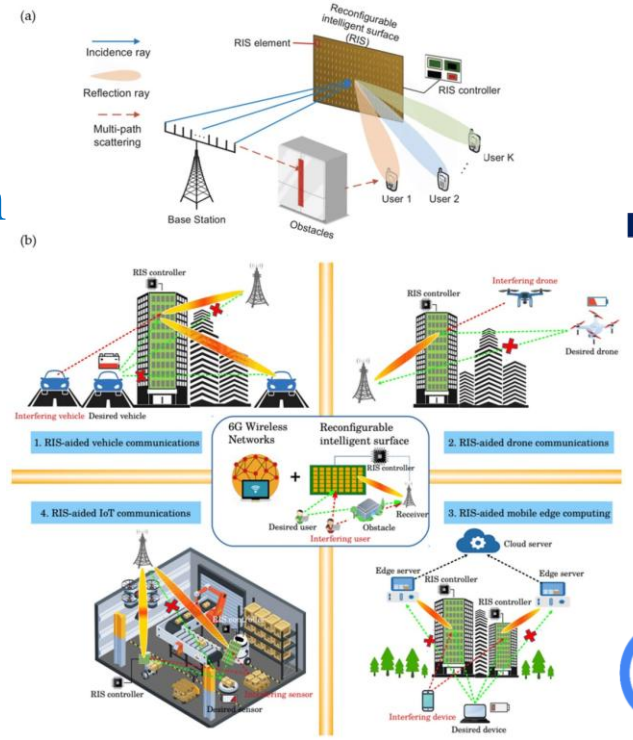

Main Collaborators

Vision:- To provide value-driven, real-world solutions in wireless comm., modern technologies, and intelligent systems.

Research Groups:-

- Wireless and Optical Networks
- Quantum Computing & Quantum
- Radiation and Propagation
- Holography and 3D Imaging.

Nano-electronics Integrated Systems (NISC)

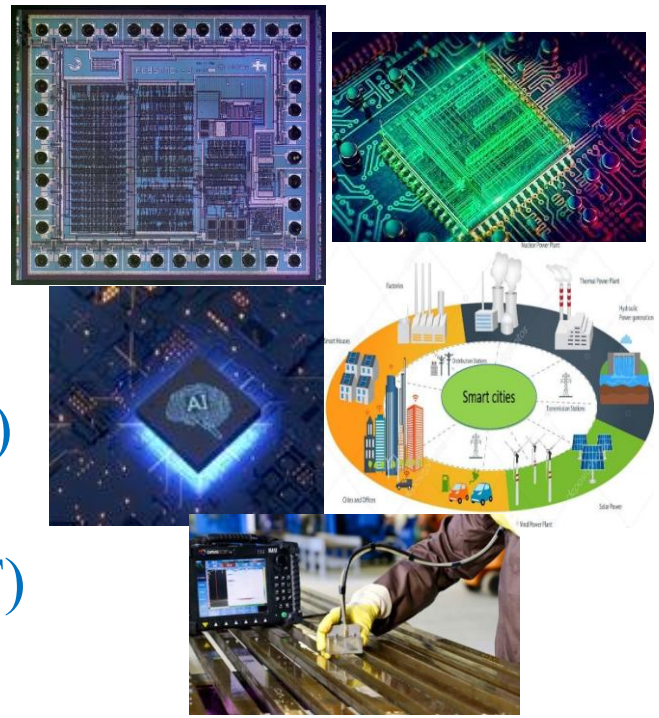

Center Director,
Dr. Ahmed Soltan
(Newcastle University, UK)
+11 Faculty Members

- **Vision:-** To be a global leader in advancing smart engineering systems through interdisciplinary collaboration, novel methodologies, and ethical practices, shaping a sustainable and technologically empowered future.

Research Groups:-

- Sensor Interface Nodes
- Smart Integrated Systems
- Digital Electronic Design
- Computer-aided Design (CAD) Modelling and Testing
- Non-Destructive Testing (NDT)

Main Collaborators

Smart Engineering Systems Research Center (SESC)

Center Director,
Dr. Irene Samy
(American University in Cairo)
+ 20 Faculty Members

Main Collaborators

Vision:- To achieve sustainable development (SDGs) within different industrial, economic, and environmental sectors.

Research Groups:-

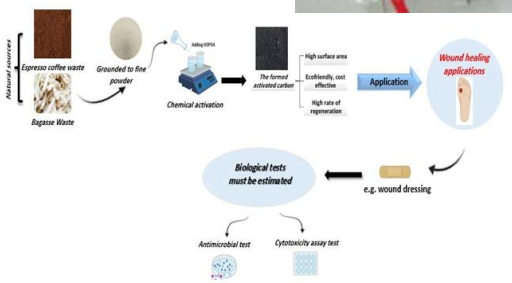

- Industrial & Manufacturing
- Thermal Energy & Modelling
- Smart Mechatronics Systems
- Smart Structural and Construction Systems

Biotechnology Research Innovation Center (BRIC)

Center Director,
Prof. Sobhy Ahmed El-Sohaimy
(Al-Farabi Kazakh National University, Kazakhstan)
+ 12 Faculty Members

Vision: to be a globally recognized leader in biotechnological research and innovation.

Research Groups:-

- Medical Biotechnology
- Environmental Biotechnology
- Agricultural Biotechnology
- Industrial and food Biotechnology
- Computational Biotechnology

Main Collaborators

NU papers have Total Citations +45000 from Total Documents +34000

NU papers have been cited from 160 Countries in the world as per this figure which shows the number of papers who cite NU.

NU is No.1 among Private and Ahlya Universities Excellence in international publishing Award by Egyptian Higher Minster and SCU Based on Clarivate database Normalized Citation Impact for the last three years, 2021.

RESEARCH & UNIVERSITY RANKINGS

The Research Office plays a supportive role in the University's ranking efforts by providing accurate research-related data and preparing ranking improvement plans by working closely with the Ranking Team.

QS World University Ranking

1st time ranked in QS World University Rankings.
3rd among Egyptian Universities in the **Citations per Faculty** Indicator.

QS Arab University Ranking

6th in Egypt in **publications/faculty** and was **1st** in Egypt during 2023-2025 Rankings.

THE World University Ranking

4th in **Industry** pillar among Egyptian universities.

THE Young Universities Ranking

1st time featuring 2024, ranked **1st** among Egyptian private Universities.
2nd in the **Industry** pillar, **3rd** in the **Research Environment** pillar among Egyptian universities.

THE Arab Ranking

4th among Egyptian universities in the **Industry** pillar.
4th among Egyptian private in the **Research Environment** pillar.

THE Impact Ranking

NU has been ranked for the **4th** consecutive year and has participated in all 17 SDGs.
2nd among Egyptian universities in **SDG 9**: Industry, Innovation and Infrastructure.

THE Interdisciplinary Science Rankings

2nd in the indicators of **interdisciplinary science research funding and industry funding** among Egyptian universities.

THE World University Ranking by Subject

NU is ranked in the rankings in the subjects of **Engineering and computer science**.

SCImago Institutions Ranking

NU has been ranked the 4th among 55 Egyptian Universities in **Innovation** indicator.

UI Green Metric Ranking

7th among Egyptian private universities.
6th in the **Education and Research** Indicator among Egyptian private and Ahleya universities.

2018 **2024** **2020** **2021**

NU History in Numbers

1st among Ahleya Egyptian Univ. in Citation Impact, 2021	NU is ranked in 14 International Rankings	400+ Full Research Scholarships	21M+ $ Funded Projects/Grants	50+ Sponsored Agencies

NU Research Internship Summer 2025 - **Accepted Interns Centers**

NU Research Internship - **Guidelines**

- **Follow** the **attendance schedule** set by your supervising professor.
- **Fulfil** all assigned **tasks and responsibilities** professionally and on time.
- Contribute positively to the research environment and remain **committed** to learning and development.
- Failure to comply with attendance or performance expectations may result in **termination** of your internship.
- Submit your technical report by **August 15**—this is mandatory for completing the internship.
- Outstanding reports will be recognized and considered for **awards**.

NU Research Internship - **Timeline**

NU Research Internship - **Technical Report Structure**

📌 Job Responsibilities –> Brief overview of assigned duties.

🎯 Expected Outcomes –> Original goals set at the start of internship.

📊 Summary with Illustrations –> Include visuals like screenshots or charts.

🧠 Learning Outcomes & Gained Skills –> Technical and soft skills acquired.

🔄 Conclusion & Future Steps –> Reflections and next steps.

NU Research Internship - **Evaluation Criteria**

🛠️ Performance Factors (Rate 1–5):

- Quality of Work
- Work Punctuality
- Interpersonal Skills
- Job Knowledge
- Behaviour/Relations with Others

🌟 Intern’s Major Strengths and Weaknesses
